Helpful Hints: This recipe is a lot of fun to make and amazes new and experienced cooks. As you chop up the dough and mix in the fruit, the recipe doesn't look quite right. But it comes out of the oven looking great, smelling delicious, and tasting wonderful!

Safety Tip: The egg in this recipe is combined with sugar, allowing the mixture to safely sit at room temperature until the dough is double in size. Be sure to let the bread cool before sampling - the fruit and syrup hold heat and could burn if tasted right out of the oven.
